

# Membership Information

## **OnBoard.**

OnBoard is the leading authority of Georgia public companies and a catalyst to increase female directors on all for-profit company boards.

Our community includes those who support the growth and development of women to the highest levels in an organization.

## **Advocate.**

Advocacy is about tireless focus to raise awareness around the issue of women's under-representation on corporate boards and identify and advocate for the women that belong there. Be a part of OnBoard and put your influence to work as we strive together to make a difference.

## **Inspire.**

OnBoard is equally committed to inspiring the current generation of corporate board members that influence board seats and motivating women to keep climbing and expanding their power base. Come inspire...and be inspired.

## **Connect.**

Few organizations can provide the type of informed, influential, and committed activities and relationships for those interested in increasing the number of women in executive corporate seats and seats on the board. Get connected here and now.
