ON  
BOARD

Be an  
Advocate

## **OnBoard.**

OnBoard is the leading authority on women in the boardroom of Georgia public companies and a catalyst to increase female directors on all for-profit company boards.

Our community includes those who support the growth and development of women to the highest levels in an organization.

## **Advocate.**

Advocacy is about tireless focus to raise awareness around the issue of women's under-representation on corporate boards and identify and advocate for the women that belong there. Be a part of OnBoard and put your influence to work as we strive together to make a difference.

## **Inspire.**

OnBoard is equally committed to inspiring the current generation of corporate board members that influence board seats and motivating women to keep climbing and expanding their power base. Come inspire...and be inspired.

## **Connect.**

Few organizations can provide the type of informed, influential, and committed activities and relationships for those interested in increasing the number of women in executive corporate seats and seats on the board. Get connected here and now.

“Being an Advocate of OnBoard aligns perfectly with my personal commitment and passion to increase the number of women in senior executive leadership roles and on corporate boards. By creating a pipeline of board candidates through education about board readiness and networking to provide a forum for women to tell their story, Advocates help deliver OnBoard’s mission.”

**Rosalind (Roz) Brewer,**  
*Starbucks Chief Operating Officer and Group President*

“When I see an issue that needs to be addressed, I look for the best solution.

There is an issue of not having a good representation of women in the C-suite and board room. OnBoard is the best at addressing the issue, so I champion OnBoard and its mission.”

**Dan Dubay,**  
*Partner of SignatureFD, LLC and Director SignatureEXEC*

“Advocacy is a critical component of supporting OnBoard’s mission. Advocates play an important role by helping future women advance to senior executive leadership and developing a sustainable pipeline of female board candidates. To those of us who have been given much, it is our honor and our responsibility, to pay it forward for others and help support their growth and success.”
